POORNIMA VISHWAKARMA

Kalaburagi, Karnataka, India–585105|+91-9148388496|poornimavishwakarma1634@gmail.com
|www.linkedin.com/in/poornima-vishwakarma-825604360 |

PROFILE

Enthusiastic BCA student with knowledge of computer programming, software development, and problem-solving.Passionate about learning new technologies and building practical solutions. Looking for opportunities to gain industry experience and contribute to technology-driven projects.

EDUCATION

- SharnbasvaUniversity**,**Kalaburagi,India

Bachelor of Computer Applications (BCA) 2023 – 2026

- Govt Girls PU College, Kalaburagi, India-**Pre University Education–Class XII** 2021-2023
- Kanmas Gurulingappa Patil Higher Primary School, Ganesh Nagar, Kalaburagi , India-**Class X** 2020– 2021

SKILLS

- **Programming Languages**

Basic knowledge of programming languages such as C, C#, Java, and Python; able to write simple programs and understand programming logic.

- **Web Development**

Knowledge of HTML, CSS, and JavaScript for creating basic and responsive web pages.

- **Database Management**

Understanding of SQL and database concepts; able to perform basic operations such as creating tables, inserting and retrieving data.

- **Software Development Fundamentals**

Familiar with object-oriented programming (OOP) concepts, debugging, and problem-solving techniques.

- **Computer Applications & Tools**

Proficient in MS Office (Word, Excel, PowerPoint) and basic computer applications for documentation, presentations, and data management.

- **Problem Solving & Logical Thinking**

Ability to analyze problems logically and develop efficient solutions through programming.

- **Communication & Teamwork**

Good verbal and written communication skills; able to collaborate effectively in team projects and presentations.

CERTIFICATIONS/BADGES

- Machine Learning – Persevex Education Consultancy
- Merit Certificates in 1st and 2nd position in UG
- Participated and exhibited in Chitra Santhe Organized in Rang Mandir, Kalaburgi, Karnataka.

KEYACHIEVEMENTS

Academic Rank Holder | Sharnbasva University

- Awarded 2 times for securing 1st rank and other ranks of semesters during Bachelor of Application Program recognizing outstanding performance and subject proficiency.

PROJECTS

1. SCHOOL MANAGEMENT SYSTEM – Web development

It is a software web application designed to manage and automate the daily operations of a school efficiently. The system simplifies tasks such as student and teacher's registration, attendance tracking, fee entry, and report generation.

1. Frontend : JAVA (core + JDBC)
2. Backend : MySQL Workbench

2. ATM SIMULATOR SYSTEM – Web development and Machine Learning

It is a computer based application that mimics the functions of a areal Automated Teller Machine (ATM). It allows users to perform basic banking operations such as checking balance, depositing, withdrawing and transferring funds between accounts.

1. Frontend : HTML, CSS and JavaScript
2. Backend :PHP script and (Node.js + MySQL)

3. AI Chabot – Web development and Machine Learning

It is a web-based application that allows users to chat with an AI assistant in real time. It can answer queries, store chat history, and provide personalized responses for each logged-in user.

1. Frontend : HTML, CSS and JavaScript
2. Backend : Node.js + Express.js + MySQL Workbench

4. Smart City Infrastructure – Kalaburagi – Web Development and Machine learning

Developed this project to analyze and manage urban data efficiently. The system processes city-related datasets to improve infrastructure planning, traffic management, and resource utilization.

HIGHLIGHTS

- Demonstrated strong communication and presentation skills through multiple classroom seminars and project presentations.
- Proven ability to work in teams and coordinate tasks effectively during college events and group projects.
- Skilled in analyzing basic programming language code logics to support decision-making.
- Quick learner with adaptability, eager to take up new full stack Website/Application development responsibilities.
- Completed certifications in Machine Learning and Digital Science, enhancing technical and analytical abilities.
